

THE GETTYSBURG TIMES.

FIFTEENTH YEAR

GETTYSBURG, PA., FRIDAY, MARCH 30th, 1917.

PRICE TWO CENTS

MUST PREPARE FOR BIG CROWD

Railroad Man Says Gettysburg Does not Realize Importance of Event.

UNVEILING OF MEMORIAL

Virginia Monument Dedication will Bring Hundreds here and Town will have to Get Ready.

"Gettysburg is going to have difficulty taking care of the crowds who will be here June 8th for the dedication of the Virginia memorial", said a railroad man who has been canvassing the situation and is in a position to know about what to expect.

"But a town that was far from being swamped in 1913 when hundreds more could have been accommodated comfortably, isn't going to have any trouble with the celebration staged by a single state", was the answer offered to the railroad representative, who then stated that four years ago Gettysburg knew they would have a big crowd and prepared for it, while this year the place does not seem to realize the importance. Southerners are attaching to the unveiling of the fine statue on West Confederate avenue.

"If the war does not interfere, you are going to have one of your biggest occasions in recent years", he said. "The Virginia legislature has already appropriated money to bring a large part of the state militia here. Veterans, not only from Virginia but from other southern states as well, will come by the hundreds for the dedication. The fact that it is a monument not only to the troops of the Old Dominion but that it is also a memorial to General Lee accounts for this."

In further explanation of the prediction for a large crowd it was stated that the meeting of United Confederate Veterans in Washington during the days immediately preceding the dedication would be one of the best in recent years, and that the most of these men would come on here for the ceremonies. Many of them will bring their families whom they are anxious to show the scene, not only of the battle, but of their big and happy time in 1913.

Interest throughout the South is widespread in the Gettysburg event and nothing short of a catastrophe can prevent the dedication bringing a great crowd. The town is asked to prepare accordingly.

It is highly probable that the Virginia militia will be called into the federal service if war comes but otherwise it will be brought here. The 100 cadets from Virginia Military Institute which were due to come last year are again anxious to come and may be brought at the expense of the State.

But militia or no militia, cadets or no cadets, regulars or no regulars, the veterans will be here and with them their friends.

ROAD GETS PERMIT

Washington-Gettysburg Line May Cross Montgomery Roads.

The Montgomery County Commissioners granted the Washington, Westminster and Gettysburg Railway Company a general permit to build tracks across the roads in that county. Walter S. Taylor, of Westminster, representing the company, submitted a map showing that the route of the road through that county would be in the general direction of Northwest Branch and would be through Wheaton, Colesville and Olney districts.

The permit was given with the understanding that all crossings of public roads, wherever practicable, would be carried overhead or under ground in a manner to be approved by the County Commissioners and the State Roads Commission.

BAR MUCH MATERIAL

No Goods Containing Enemy Alien Labor can be Imported

(By Cable)

London, Mar. 30—After to-day no goods of neutral manufacture, in the production of which materials and labor of enemy origin amounting to more than five per cent of the cost have been used, will be admitted into the United Kingdom except under license.

FIND CAR OWNER

And Four Youths will be Taken Back to City.

Chief of Police Smiley is to-day expecting the arrival of a Philadelphia officer to take back the four youths who were arrested here several days ago charged with the theft of a Ford car. Chief of Detectives Tate has notified Mr. Smiley that he will send an officer for that purpose.

The owner of the stolen car has been found in Victor I. Seidel, of 2338 North 29th street, Philadelphia. He is to accompany the officer here. The car will not be ready for removal until more or less extensive repairs have been made to it.

USUAL TIME

Pen Mar Park Opens in Middle of June.

General Passenger Agent C. F. Stewart, of the Western Maryland Railway, states, in response to an inquiry, that Pen Mar park will be opened for the season at the usual time. There will be the usual Memorial day features and special trains. After that the park will be closed again until the middle of June. The park will be made as attractive as possible for the summer. Fred. Gallion will start planting flowers there as soon as the weather permits.

ACADEMY HEARS FROM PRESIDENT

Masters and Students Pledge their Support to Wilson. Get Reply.

Telegrams have been exchanged between Gettysburg Academy and the White House, pledging support and in appreciation of it. The first telegram was as follows:

"The masters and students of Gettysburg Academy hereby pledge loyalty and devotion to the President of the United States in his efforts to maintain the standards of civilization and to protect the lives of American citizens."

It was signed by Dr. C. H. Huber, the headmaster, and the following reply has been received from the White House:

"The President thanks you cordially for the good will which prompted the kind message which has helped to reassure him and keep him in heart."

HEAR COUNTY CASE

Public Service Commission Examines Merits of Proposed Contract.

Four sessions of the Public Service Commission were held on Thursday in as many towns. At Harrisburg proposed contracts were considered between the McSherrystown Water Company and Hanover for water for fire protection; West Chester Street Railway Company and Downingtown, regarding maintenance of streets occupied by the trolley tracks; Newcastle Electric Company and Newcastle, concerning electric current for municipal offices and the Penn Public Service Company and Mahaffey, a street lighting contract.

At Cherry Tree a hearing was held on the application of the Beech Creek Extension Railway Company, which wishes to change the location of a grade crossing over the Cherry Tree, Stiffertown road in Burnside township. The allegation of Shenandoah that the Schuylkill Railways company has inadequate service and excessive rates was heard in Pottsville. A charge by M. Callaghan that the rates of the Springfield Consolidation Water Company are excessive was heard in Philadelphia.

SALE NEWS

Last Week in March Sale Prices Staying well up.

W. B. Weaver's sale in Straban township on Thursday amounted to \$2473.69. Pairs of mules sold at \$401, \$400, and \$385. The best cow sold for \$90.

A large display of spring millinery will be shown Saturday at Stick's Hat Shop Baltimore street, near the Square.—advertisement 1

CLARENCE BEVAN IS BURIED HERE

Uncle of Frank and Lawrence Bevan Died in Florida on Monday.

LEFT WIFE AND BROTHERS

One of them, just Back from Spain, Accompanied Body here. Funeral of Miss Wolford Saturday.

Clarence M. Bevan died in St. Augustine, Florida, on Sunday. The body was brought to Gettysburg at 11:22 Thursday night, and the funeral was held this morning at nine o'clock from the home of H. B. Bender, Rev. F. E. Taylor conducting the services. He was aged 66 years, 4 months, and 7 days.

He leaves a widow and two brothers, residents of Spain. Mr. Bevan was an uncle of Frank Bevan and Lawrence Bevan, both of whom formerly attended Gettysburg College. Lawrence Bevan died while attending college here and his body is buried in Evergreen cemetery. Frank Bevan died in Spain.

Many years ago Joseph Bevan resided in Gettysburg, having his home here for ten or fifteen years. It was in this way that the family, all of whom were from Spain, became interested in the town. Clarence Bevan, who was buried here this morning, was a nephew of Joseph Bevan.

R. F. Bevan, one of the two brothers whose homes are in Spain, accompanied the body here Thursday night. He returned to this country from Spain only last week and is making his home temporarily at Catonsville, Maryland. A nephew, Reginald Bevan, is a student in Gettysburg Academy.

JACOB H. BAUGHMAN

Following an illness of two years, caused by a stroke of paralysis, Jacob Henry Baughman, of Hanover, died Wednesday evening at 10:30 o'clock at his home, aged 70 years, 7 months and 14 days.

Forty-six years ago he was married to Miss Catherine Long, daughter of the late Peter and Susan Long, Union township, who survives with two sons and one daughter. He also leaves five brothers and two sisters.

He was a private of Company G 74th Regiment Pennsylvania Volunteers and received his honorable discharge on August 29, 1865.

Funeral in Hanover at one o'clock on Saturday afternoon.

FUNERAL

The funeral of the late Miss Matilda Wolford, who died at the Dobbin House on Steinwehr avenue Thursday morning, will be held at St. Luke's church, below Bonneauville Saturday morning. Interment in the church cemetery.

NOTES ABOUT TOWN

Short Paragraphs Telling of Happenings in Gettysburg.

The Gettysburg-Lafayette debate will be held in Brua Chapel this evening on the subject "Resolved, that Congress should Enact Legislation Providing for the Compulsory Arbitration of Disputes between Organized Labor and Capital."

Gettysburg bowlers won from Hanover Thursday evening on the Monarch alleys 1431 to 1424, and by doing so captured the series.

The personal property sold at the Shank sale near Cashtown Wednesday amounted to \$1434. A tablecloth sold for \$40, a coverlet for \$19, and a quilt for \$10.

The Baltimore excursion on Thursday carried 209 persons from various points along the line.

NOW CONVALESCING

County Farmer was Kicked by Pair of Mules.

Samuel Cashman, of near Pine Run, is recovering rapidly from injuries about the face and abdomen received Wednesday when a pair of young mules started to kick when he was in the stable with them. Mr. Cashman is now able to be about.

WE will give our second opening Saturday, March 31, 1917. Grace Eicholtz.—advertisement 1

Mar. 30—Debate. Lafayette vs Gettysburg. Brua Chapel.

BUY MANY NETS

Steel Guards Bought by Government from Philadelphia Firm.

(By Telegraph)

Washington, Mar. 30—The contract for 100 steel cable anti-submarine nets was awarded to-day to the American Steel and Wire Company of Philadelphia for \$188,100. The nets are to be like those the Allies have placed at the entrance to the Thames and other rivers.

TO DEFEND CANAL

Three Men Compose Board to Organize Big Force.

(By Telegraph)

Washington, Mar. 30—A board composed of Lt. Col. Harding, Major Oliver Edwards, and Commander Cone, was named to-day to consider the advisability of organizing the Canal employees for defense purposes.

MORE MILITIA

National Guard Artillery is Ordered out for Service.

(By Telegraph)

Washington, Mar. 30—Batteries E and F, Connecticut Field Artillery, New York infantry and cavalry commands, and some Georgia artillery were ordered into the Federal service to-day.

GERMANY HEARS NOTE OF DOUBT

First Intimation that Country is Not Sure of Future Success.

(By Cable)

Amsterdam, Mar. 30—For the first time since the start of the war a note of doubt concerning Germany's future crept into the discussions in the Reichstag to-day, according to dispatches from Berlin.

Member Spahn is quoted as declaring that he "hoped Germany was prepared to meet a new and powerful enemy."

Socialist Member Noske bitterly criticised the Zimmerman plot for Mexico and Japan and said that the "Prussian system of government must be abolished."

Member Spahn said that all Entente rulers were now occupying unsafe thrones, that a revolution threatened even in Italy and the ruler of that country was in danger of losing his power.

While general approbation is reported as having greeted Hollweg's declaration that the submarine program would not be dropped, there is much criticism over no indication of the carrying out of promised election reforms.

FOOD SCARE AGAIN

Calling out of Guardsmen Intensifies the Condition.

(By Telegraph)

Chicago, Mar. 30—The food supply of the nation is in danger, it was reported on local markets to-day, following the receipt of alarming reports of danger to winter wheat in Kansas and Nebraska.

Another grave menace comes from the labor shortage, already acute, and made worse through the calling out of the National Guard in agricultural states.

WAR TALK BRISTLES

Hollweg Speech Said to have Clinched United States' Side.

(By Telegraph)

Washington, Mar. 30—Only war is in the atmosphere here to-day. Hollweg's speech clinched the argument. The general feeling is that he made out a poor case for his government. President Wilson has a cabinet meeting late this afternoon when final steps in preparation for next week's convening of Congress will be taken.

DEMOCRATIC CAUCUS

Decide on Former Officers. Many are Absent.

(By Telegraph)

Washington, Mar. 30—With thirty three members absent the Democratic caucus to-day re-nominated all former officers.

RABBITS for Easter. Belgian hares, Flemish giants, and Angoras for sale. Can be seen in Gettysburg Saturday, March 31st. Wilbert Baker, Route 3, Gettysburg.—advertisement 1

DOCTORS VISIT PUBLIC SCHOOLS

Children being Examined for Defective Eyesight, Hearing, and so on.

PREMISES ARE INSPECTED

Adams County Gets Delayed Service because Appropriation had not been Made before.

Physicians in Gettysburg and in almost every township of the county have started the annual medical inspection of the public school pupils and of conditions in and about the buildings. The work is usually done in the autumn but this year the appropriation which included Adams County was not passed, and signed by Governor Brumbaugh, until last week and the present inspection is in reality that deferred from the fall of 1916.

Medical inspection is optional with the various school districts and for the first few years—even though it entailed no expense whatever to the individual districts—a number of them turned down the opportunity to have the children examined and the properties inspected. The service has grown more popular, however, and now almost every town and township has accepted the privilege.

Every pupil is examined as to the condition of the eyes, ears, nose, throat, and mouth. If there is any pronounced difficulty in breathing standard tests to establish the condition of the lungs are also used. Each pupil gets thorough attention and the physician makes a report on all to the State Department of Health at Harrisburg. If defects are noted which can be corrected the Harrisburg authorities notify the parents and immediate steps can be taken.

In former years these inspections have resulted in timely medical aid being given a number of the children of Gettysburg and other parts of the county. Parents who did not realize, for instance, that there was any weakness in the child's eyesight found it out from the report, had a further examination made by an oculist, and secured the required glasses.

Adenoids were found to be the cause of some children's failure to develop rapidly and other defects were discovered by the examination which were later corrected. The work results in enlightenment of many parents who had not been able to understand failure to progress rapidly in school work, a tendency to dullness, or even apparent ill health.

As thorough as the individual inspection is that made of the premises. Every care is given to see that the proper sanitation is provided. The physicians who make the examination of the children also see what is the source of the drinking water supply, whether the common drinking cup is used, whether or not pencils are collected and distributed day after day, whether there is sufficient window space for the number of pupils in the room, whether there is sufficient floor space for them, and whether or not the requisite number of cubic feet of air space is provided.

Every bit of this data is furnished the Department of Health at Harrisburg and the officials there, co-operating with the Department of Public Instruction, see that wherever a correction of conditions is advisable it is attended to, and the health of pupils is closely guarded.

The work here is being done by the physicians of the various districts, eight or ten doctors being required for the entire county. It is expected that the work will take six weeks, the physicians having to do it during the time that their practice permits, and each school requiring several hours' attention.

EMMITSBURG HAS SCARE

Stranger, who Acted Peculiarly, Sent to Montevue.

Practically all Emmitsburg seethed with a German spy scare on Tuesday night. A foreigner, name unknown, was seen acting in a peculiar manner on the college grounds and Deputy Sheriff Adelsberger, of Emmitsburg, was sent for. He took the man in custody and placed him in the town lockup over night.

The stranger refused to talk. He would not answer any questions and his nationality seemed to be in doubt, although some persons are of the opinion that he is a Pole. Several letters were found on the man. Some people said they were written in the Polish language, with mention of the German Kaiser, while others said the letters were written in German. The man was committed to Montevue for further detention.

MAJOR—WEAVER

Wedding Ceremony Performed here. Will Reside in Harrisburg.

Mrs. Ella N. Weaver, of Chambersburg street, and William A. Major, of Harrisburg, were married Tuesday by Rev. J. B. Baker. Mr. Major is a freight conductor on the Philadelphia and Reading railroad, and his home is in Harrisburg where it is understood they will reside.

SECOND DAY OF AUTOMOBILE SHOW

Attendance Good and All Pleased with Display of Cars. Annual Event.

The second day of the automobile show in the New Eberhart Garage shows a continuance of the interest manifested on all sides at the opening of the first county exhibit ever staged here. Thursday's admissions numbered several hundred and all indications point to an increased attendance during the remainder of the three day show.

Motor car dealers are much gratified with this, particularly as they did not resort to any catch devices to draw crowds. In other towns a car has been chanced off on the admission tickets, or some other lottery has been used for the same purpose. The Adams County men decided to rely on the merit of the show and the attractive character of the musical programs to draw, and it would seem that their decision has been a wise one.

The number of exhibits, the quality of the cars, the general manner of conducting the show and everything else has brought unstinted praise for the dealers and agents, and the expected success of the affair would seem to indicate that it will become an annual event without any question.

The show, which opened so well on Thursday, will continue to and including Friday evening.

TO PROTECT FARMERS

State Agricultural Department Framing Measure to Regulate Fertilizers.

Plans are being made by the State Department of Agriculture to frame a new bill regulating fertilizers sold in the State because of conditions arising through the supply of German potash being cut off by war. There have been all sorts of preparations put on the market to make up for the shortage.

The department has taken the position that the present law does not give adequate protection to those buying fertilizers. What will be required will be a strict provision for the statement of constituent materials on the labels of fertilizers. Hundreds of thousands of dollars' worth of fertilizers are sold in this State, the inspection fees alone running more than \$25,000.

RECOVERED HORSE

Wandered to Home of Owner's Friend after being Used.

William Rittase this morning found his horse and buggy, which were taken from in front of a Bonneauville store Thursday evening, at the home of Aron Geisler. Mr. Rittase is a frequent visitor at the Geisler home and the horse knew the road to that place. It had evidently been used and was turned loose after the person who unhitched the horse in Bonneauville was through with it. Mr. Geisler found the outfit about his premises when he got up this morning.

PATTON APPEALS TO THE FARMERS

Secretary of Agriculture for State Says Growers should Use Every Effort.

SAVE ALL YOUR TIN CANS

Shortage here if Something is not Done. Must Use Glass Jars to Help out in Situation.

In an appeal to the farmers, growers and producers of Pennsylvania, Secretary of Agriculture Charles E. Patton calls for especial attention to the raising of wheat, corn, potatoes, cabbage, onions, beets, turnips or any vegetables, and for the conserving of all small fruits and berries as can be dried and carried over for winter use.

An investigation on the probable shortage of food supply during the present year shows that there will be an extreme scarcity in nearly all staple commodities. Food commodities have brought the highest markets in forty years. Canned goods and such foods as can be safely carried over, will be practically exhausted. The increased cost of production, an enormous scarcity of tin cans in sight, high prices of seed, boxes, etc., and the prices named by growers for canning purposes, bids fair to cause even higher prices next fall, which in the event of war will be still further increased.

Secretary Patton says: "Facing such conditions it is necessary to start a strenuous campaign of education of all the facts in order to bring about much needed relief in the way of farm products, home gardens, back lot gardens and any other method which will bring about a more ample food supply. It does not seem to me that there should be any fear of any over production as the extreme shortness that is bound to occur in some lines, will take care of any extra large production in other lines."

"We are informed that there will be a shortage of approximately one billion tin cans and I would call upon all the housewives to save all of the glass jars they may have on hand and to fill them with such food commodities that can be carried into the winter. If each household will fill a few jars with vegetables and fruits it will mean the saving of thousands of jars of food materials."

"On the farms we will have the labor problem to contend with, but unless the resources are too heavily drawn upon by war, I would call upon all merchants, manufacturers and employers of labor to spare one or more men one day each week to help in the nearby rural districts, so that the lack of help may not retard the farmer in putting forth his very last effort for maximum production. The farmers will be glad to pay for this help if it is obtainable. Such help can also be tendered in communities where gardening has been taken up on a large scale and where labor is needed. In addition every man, woman and child should be instructed to look seriously into the future and boom the utilizing of all yards, lots or any place possible for the planting of and care in raising, for their own use, and for marketing all kinds of vegetables, both for spot consumption, and for winter use, thereby helping to curtail in some important lines the high or higher cost of living. Even were we not on the verge of war such matters should be seriously considered, but under present conditions they cannot be given even as serious consideration as is necessary."

"The watchword of the day is 'Preparedness' and the unlimited care and raising of vegetables at such a period certainly comes under that heading. Such facts and advice should be daily promulgated in the newspapers throughout the United States."

BLAMES U. S.

Germany Not Provoking War
Says Chancellor.

SUPPORTS BERLIN ACTIONS

Von Hollweg Tells Reichstag America Must Bear Responsibility
For Bloodshed in Case of Hostilities.

Berlin, March 30.—Germany does not want war with the United States, but if it comes, Germany will meet and overcome it, Chancellor von Bethmann-Hollweg declared in the German reichstag.

The chancellor made a most important declaration about the German policy relative to the United States and Russia.

"How did these things develop?" asked the chancellor in speaking of the relations with the United States. He then proceeded to answer the question by reviewing the causes which led up to the German use of submarines in unrestricted warfare.

Declaring that Germany had undertaken unrestricted submarine warfare for its defense, Dr. von Bethmann-Hollweg said: "If the American nation considers this a cause for which to declare war against the German nation with which it has lived in peace for more than one hundred years, if this action warrants an increase of bloodshed, we shall not have to bear the burden of responsibility for it."

Concerning German relations with the United States the chancellor, whose speech is reported by the Overseas News Agency (the German official news bureau said:

"Within the next few days the directors of the American nation will be convened by President Wilson, for an extraordinary session of congress, in order to decide the question of war or peace between the American and German nations.

"Germany never had the slightest intention of attacking the United States of America and does not have such intention now. It never desired war against the United States of America and does not desire it now.

"How did these things develop? More than once we told the United States that we made unrestricted use of the submarine weapon, expecting England could be made to observe, in her policy of blockade, the laws of humanity and international agreements. This blockade policy—this I expressly recall has been called 'illegal and indefensible.' (The imperial chancellor here used the English words) by President Wilson and Secretary of State Lansing. Our expectations, which we maintained during eight months have been disappointed completely; England not only did not give up her illegal and indefensible policy of blockade, but uninterruptedly intensified it. England, together with her allies, arrogantly rejected the peace offers made by us and our allies and proclaimed her war aims which aim at our annihilation and that of our allies.

"Then we took unrestricted submarine warfare into our hands; we had to for our defense.

"If the American nation considers this a cause for which to declare war against the German nation with which it has lived in peace for more than one hundred years, if this action warrants an increase of bloodshed, we shall not have to bear the responsibility for it. The German nation, which feels neither hatred nor hostility against the United States of America, shall also bear and overcome this."

U-BOAT SINKSHIP; MANY LOST
Survivors Frostbitten While Some Died of Exposure in Boats.

London, March 30.—The British steamship Alnwick Castle has been torpedoed in the Atlantic ocean. Some persons are reported dead and others are missing.

The admiral says the Alnwick Castle was torpedoed without warning on March 19 in the Atlantic, 320 miles from the nearest land. On the previous day the steamship had rescued the crew of another British steamship that also had been torpedoed.

The passengers and crews of both vessels abandoned the Alnwick Castle in five boats. One of these boats landed on the Spanish coast. It originally contained twenty persons, including a stewardess and a child, but five of them died. All the survivors in this boat were suffering from frost bite.

Three other boats also were picked up during the wreck, one containing twenty-seven, another twenty-nine and the third twenty survivors. In these boats there were five dead. The fifth boat that put out from the vessel has not yet been accounted for.

Negroes Organize for Defense.
Richmond, Va., March 30.—Negroes of Virginia, District of Columbia, Maryland, Pennsylvania, New Jersey and North Carolina, organized the Colored Citizens' Patriotic League, aimed to arouse the negro race for national defense and to urge them to remain at home and work.

Cuban Rebels Routed.
Santiago, Cuba, March 30.—After a battle of several hours, government troops dislodged the rebels at Sonzo, thirteen miles northeast of Santiago. In the opinion of government officials, the revolution has entered its final phase.

Mrs. Claire Loucks, of York, visited with friends in town Thursday afternoon.

MARSHAL VON MACKENSEN.

He May Help the
Turk to Reorganize
His Shattered Army.

Photo by American Press Association.

According to Swiss sources, the field marshal, victorious in Rumania, has been ordered to Constantinople to reorganize the defeated Turkish armies and possibly endeavor to recapture Bagdad.

180 MIDDIES GRADUATE

Secretary Daniels Hands Diplomas to New Naval Officers.

Annapolis, Md., March 30.—One hundred and eighty midshipmen called in to the commissioned ranks of the navy over two months in advance of the usual time because of the urgent need of more officers, received their diplomas of graduation at the Naval Academy, carrying with them the rank of ensign.

Secretary Daniels handed the diplomas to the graduates beginning with Frederick E. Haebler, of Los Angeles, the honor man. Applause greeted each midshipman as he received his diploma, but it was most marked when Clarence O. Ward, the young Nebraska who began his career as an enlisted man in the navy, was handed his. Ward is president of his class, captain of the football team and the academy's leading athlete.

There were two exceptions in the diploma distribution. Francis W. Benson received his from the hands of his father, Rear Admiral W. S. Benson, chief of operations, while Captain T. J. Senn, U. S. N., handed the diploma to his son Elliott M. Senn.

The exercises did not differ from those which ordinarily take place June 1, except that the audience was not nearly so large, reasonable restrictions being necessary.

After the invocation had been made by Chaplain Sydney K. Rawns of the Naval Academy, Captain Edward W. Eberle, superintendent, spoke briefly. Secretary of the Navy Daniels made the main address. The diplomas were then handed the graduates by the secretary.

FOUR MEN STABBED

"Jack the Ripper" Knives Citizens on Streets in Daylight.

Bethlehem, Pa., March 30.—A Jack the Ripper is causing no little trouble on the part of the local police to apprehend.

For the fourth time in a few days some local citizen has been stabbed on the main streets.

James Dohn and John Paras are the latest victims. While they were walking along the street the ripper sneaked up behind and stabbed Dohn under the right arm, severing an artery. He may die.

Paras was cut on the right arm, and two fingers of the left hand were nearly severed. In the excitement that followed the assailant escaped.

HELLO GIRL ROUTS ROBBERS

Fires Pistol Outside of Bank Until the Frightened Bandits Run.

Rulo, Neb., March 30.—Miss Edna Rayhill, a telephone operator, routed a band of bank robbers.

Unable to arouse city authorities, Miss Rayhill approached the Bank of Rulo, in which the robbers were at work, and fired shot after shot in the air until the robbers, frightened, fled.

Miss Rayhill learned of the robbers' activities when they cut the telephone wires. She saw them drive up to the bank in an automobile and break into the building.

"I fired so fast they must have thought a posse was after them," she said. The robbers got nothing.

Ask to Have U. S. Colors Displayed.

New York, March 30.—Mayors of 215 American cities were called upon to co-operate in bringing about an organized display of the Stars and Stripes from homes through the country on and after April 2, when congress meets in extra session. The American Defense society, the National Security league, the American Rights league and the Business Men's National Service league united in the call.

The Weather.

Forecast for this section: Fair to day and tomorrow; northwest winds.

FAIL TO CHECK FOE

Germans Made a Counter
Attack in Champagne.

GREATLY STIFFEN THEIR FRONT

British and French Keep in Contact
With Enemy and Claim Continued Advance on a
Wide Front.

London, March 30.—The Germans' fierce and sudden attack against the French lines in Champagne—evidently intended to divert the attention of the French from the battle zone north of the Aisne—has failed to check the Anglo-French advance.

Both the British and the French troops have extended their lines with in the last twenty-four hours, say despatches from Paris.

The statement adds:
"In the Champagne near Tahure and in the Argonne, at Courtes Chaussees attacks by the enemy were repulsed completely by our fire. On the left bank of the Meuse (Verdun front) our troops recaptured in a spirited attack the last elements of the trenches which the enemy had been holding since March 18. We took prisoners in the vicinity of Avocourt wood and Hill 304."

French troops began a new advance between the Oise and the Aisne aimed at outflanking the strong positions of the Germans in St. Gobain forest. This operation may force the Germans to abandon some twenty miles of their old front.

General Nivelle started pushing forward a wedge southwest of Laon, turning the left flank of the St. Gobain position. His troops drove in German outposts north of the River Ailette and captured several points of support east of the Leully-Neuville-sur-Margival front, which extends south of and at right angles to the river.

While his advance is almost straight in the direction of Laon, its most important effect is upon the St. Gobain position and in folding back further the left wing of the new German line upon the right wing of the new German line upon the right of the old. The two lines now meet in a salient, which the French are sharpening, hoping to force the Germans to withdraw from it.

Shifting his offensive to the La Fere-Laon sector of the new front General Nivelle has stopped the offensive about St. Quentin and on the Oise north of La Fere. Here his troops are devoting their energies to getting up more artillery and otherwise strengthening the valuable position they hold two miles southwest of St. Quentin on the Essigny-Benay plateau. The Germans tried again vainly Tuesday night to recapture the plateau, the loss of which evidently was no part of von Hindenburg's plans. Artillery fire was heavy there.

Much now depends, however, on the fighting for the St. Gobain plateau. Sir Douglas Haig's troops are still coming up, driving in German outposts while the French attack the Hindenburg line. British cavalry advanced two miles on a front of the same distance, capturing two towns, Villers-Faucon and Saulcourt, north of Roisel and seven miles southwest of Le Catelet. To the north the British made progress toward Cambrai.

The cavalry that took Villers-Faucon and Saulcourt captured Equancourt Tuesday by a charge. A single squadron of lancers dashed into the village, which was held by German infantry. The Germans continued to fire until the front rank of the horsemen, with lances lowered, were within seventy yards of the outskirts of the village. Then the Germans bolted, flinging away their arms and equipment. Reuters' correspondent with the army telegraphs.

Fund for Miners' Families.
Harrisburg, Pa., March 30.—An announcement was made that the widows and children of miners killed by an explosion at the mine of the Henderson Coal company, near Canonsburg, March 13, will receive approximately \$5,000 in workmen's compensation from the state fund. Of the fourteen men killed, seven were between thirty and forty years of age, and seven between twenty and thirty. Ten of the victims were married and are survived by ten widows and twenty children under sixteen years of age.

Pass Draft Bill in New Hampshire.
Concord, N. H., March 30.—Accurate registration annually of all males available for military service is provided for in a bill passed by the legislature. Authority also is given to the governor and legislative council to draft men, even in peace times, to recruit a military unit to full strength. Governor Henry W. Keyes is expected to sign the measure, as it was proposed by him.

Loses Both Legs; Dies in Hospital.
Norristown, Pa., March 30.—Thomas J. Green, 1207 Markley street, Norristown, a Reading railway fireman, was struck by a train in front of the Main street station while he was hurrying across the tracks to reach the pay car to get his month's money. Both his legs were cut off. Green died at the Charity hospital.

HOW FOOD PRICES INCREASED

Costs Average Family \$425 Compared With \$339 in 1913.

Washington, March 30.—The annual food bill of the average family has grown from \$339.30 in 1913 to \$425.54 at present, the department of labor announced in a review of food prices.

In ten years, the department's experts estimate, the advance in the cost of food has so far outstripped wage increases that the workman who drew \$3 a day in 1907 now finds himself just sixty-nine cents a day worse off.

The heaviest increase in food prices during the last four years is shown in potatoes, the cost of which has risen from \$18.96 to \$44.09. Other large increases are in eggs, from \$33.01 to \$43.07; flour, \$15.12 to \$25.40; butter, \$15.72 to \$54.78. Of the whole list of foods, only sirloin and round steak are cheaper than five years ago.

In the period from January 15 to February 15 food prices took a four per cent jump. Onions led, with a seventy-seven per cent increase. Potatoes went up thirty per cent. Eggs alone decreased in price.

It is estimated that if a dollar's worth of food bought in 1907 weighed ten pounds it would weigh today a trifle more than seven pounds.

CZAR PLEADS FOR SON

Seeks Permission to Have Him Go to Norway in Effort to Restore Health.

London, March 30.—The former Russian emperor has asked the provisional government to permit his little son to go to Norway to restore his health, according to a petrograph despatch to the Exchange Telegraph company.

The despatch says that permission has not yet been granted.

The former monarch and his family are said to appear cheerful under their imprisonment. The man, who a few weeks ago was autocrat of all the Russias, spends most of his time working in the little garden outside of his room. At the services last Sunday in the church at Tsarskoe-Selo the former emperor was the first to kneel when the prayer for the provisional government was read.

MAY HOLD WHITLOCK

German Plans to Keep American Relief Workers in Belgium 4 Weeks.

The Hague, March 30.—The press has been informed from an absolutely authentic source that the German government will ask American officials and relief workers of the American commission for relief in Belgium to submit to a period of "news quarantine"—the time not to exceed four weeks—to prevent military information getting out.

The time would count from the day the men lay down their present charges and notify the authorities in Brussels of their readiness to depart. They will be asked to assemble at some center, like Liege, or preferably a German city, such as Cologne, Karlsruhe or Munich, which they would not be allowed to leave for the period mentioned.

The "news quarantine" would apply equally to Brand Whitlock, the American minister to Belgium, and his staff, whom the German government, since the break in diplomatic relations, regards on the same footing as relief workers.

After the "quarantine" has ended it is said no obstacles will be placed in the way of the departure of the officials and relief workers by any route they may choose.

London, March 30.—An Exchange Telegraph despatch from Amsterdam says: "Frontier correspondents hear from Brussels that the American legation is completely isolated and under a guard of German police. It is rumored that the Germans contemplate taking the minister (Brand Whitlock) and his staff to Germany."

"The Americans in Belgium have been notified that they cannot leave Belgium before three months at the earliest."

Girl Saves Negro From Death.

Trenton, Tenn., March 30.—Mrs. Lena Taylor, daughter of Sheriff Davidson, of this county, prevented a mob from gaining entrance to the cell of a negro charged with abducting a white girl. While her father debated with the leaders she secured the cell keys and slipped away through the crowd.

Porto Rico Germans Want Citizenship.
San Juan, Porto Rico, March 30.—Of applicants for first citizenship papers under the new law, it developed some fifty per cent are Germans.

GINGEROLE

The Wonderful New Ointment, Drives Away Chest Colds, Coughs, and Sore Throat.

Money Back if it is Not All We Claim

Every druggist in America is authorized to return your money if it does not do as advertised.

Just rub it on and away goes sore throat, coughs and chest colds over night. It will not blister, but it will stop headache, earache, or toothache in ten minutes.

It quickly stops rheumatic pains, neuritis, neuralgia and lumbago and instantly relieves tonsillitis, pleurisy and bronchitis.

For sprains, swellings, sore, burning feet, and all aches and pains it has no equal. All first-class druggists sell Gingerole for 25 cents.

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints, muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one of recovery but has forced rheumatism and sedation to yield and disappear.

If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by The People's Drug Store.

OVERWORKED MINISTER Tells How Vinol Restored Strength and Vitality.

Gettysburg people will realize that we could not publish such letters as the following if they were not genuine and truthful statements of facts. The Rev. Mr. Hughes, Holly Springs, Ark., says:

"I am a Methodist Minister, and suffered from broken-down nerves, loss of appetite and sleeplessness. I was weak, my circulation was very poor, and I was not able to do my duty in my Parish as I felt I should. I had tried various remedies but did not seem to get any better. Through Mr. Gattin, of Bearden, Ark., I learned of Vinol, and it built me up. I regained my appetite, can sleep better and do more work."

There is no secret about Vinol, it derives its power to build up the overworked, broken-down, nervous system from beef and cod liver peptones, iron and manganese peptones, and glycerophosphates, etc. which it contains. Anyone in Gettysburg who wishes to try Vinol can do so with the understanding that we will return their money if they are not satisfied.

People's Drug Store, Gettysburg, Pa., C. Wm. Beales, Prop., and also at the leading Drug Store in all Pennsylvania towns.

Saxol-Salve REMOVES SKIN AFFECTIONS

One package proves it. Sold and guaranteed by above Vinol druggist.

LITTLE LILLIAN ROMAINE FISHER CAN TALK AGAIN

This attractive little lady is the two year old daughter of Mr. and Mrs. O. M. Fisher, 233 North St., Harrisburg, Pa. Last winter she had an attack of measles, together with a very severe cold. Just at that time Dr. S. J. Wilhelms presented Mr. Fisher with a jar of the Southern "outside" treatment—Vick's VapoRub Salve, which was just then being introduced in Harrisburg, and requested that he give this preparation a thorough trial. Mr. Fisher writes—

"I must say that our baby had such a cold on her chest and in her throat that she could hardly talk, and we could not get her to take anything internally. After we used Vick's VapoRub Salve on her breast and throat at night before going to bed she was entirely relieved."

No family should be without this preparation. It is externally applied, and so can be used freely—it is absorbed through and penetrates the skin, and, in addition, is inhaled as a vapor. It has a hundred uses for the many minor ailments for which every mother is the doctor. Three sizes—5c, 10c, 25c.

HEADACHE STOPS. NEURALGIA GONE

Dr. James' Headache Powders give instant relief—cost dime a package.

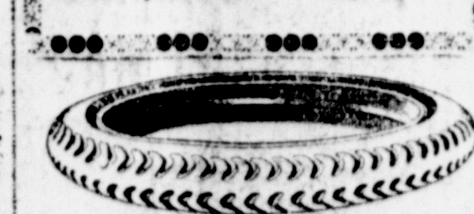

Nerve-racking, splitting or dull throbbing headaches yield in just a few moments to Dr. James' Headache Powders which cost only 10 cents a package at any drug store. It's the quickest, surest headache relief in the whole world. Don't suffer! Relieve the agony and distress now! You can. Millions of men and women have found that headache and neuralgia misery is needless. Get what you ask for.

The Modern Way Pipeless Warm Air Furnace

50c Allowed on any old Tea Kettle that you may have.

It matters not whether your tea kettle is of iron, tin, copper or enamel, we will allow you 50 cents on the one you may bring, toward the purchase price of any of the splendid "Wear-Ever" Aluminum Tea Kettle that are being shown during our demonstration. This is an extraordinary privilege accorded us and should be taken advantage of immediately.

TO OUR READERS

The Gettysburg Times takes absolutely no part in politics, being neutral on all such matters. Anything that appears in our general news columns, concerning state or national politics, is furnished us by The American Press Association, a concern which gives the same news to Republican, Democratic, Prohibition, or Socialist papers and which is strictly non-partisan.

(Medical Advertising) DARKEN GRAY HAIR. LOOK, YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally that Nobody can Tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound", which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

J. D. LIPPY,
Tailor.

Are You Thinking About Buying A RANGE This SPRING?

If so, call at H. T. Maring's Stove Room. If you want to see the largest and finest display outside of the city. We bought them before the advance and can sell them 20 per cent cheaper than most of the dealers can sell theirs. Don't be tempted to buy an unknown range that may bring you years of trouble and disappointment when you can buy one that is guaranteed to do the work.

Why not pay us a visit and let us explain how they are made and what they will do, and learn our prices. No obligation to buy, we are only glad to show the goods.

PAIGE

The Most Beautiful Car in America.

Paige cars are made in three sizes. There are two seven-passenger models which sell for \$1495 and \$1375. There is also a five-passenger, 39 horsepower model which sells for \$1175.

The seven-passenger models are, of course, considerably larger than the "Linwood." They are well worth the difference in price. But we want to point out at this time, that all three of these cars are Paiges—blood brothers of the same strain.

So far as a choice between them is concerned, it is simply a matter of your individual requirements. If you can advantageously use a large, sumptuous, seven-passenger automobile, by all means invest your money in a Paige "Stratford" or the Fairfield "Six-46."

On the other hand, if a five-passenger model is ample for your purposes, then, decide on the "Linwood-39."

You must approach the matter in the same way that you would choose between a one karat and a two karat diamond. All of these cars are clean cut, flawless gems. In their respective price fields, they represent the utmost that you can secure in automobile value.

We are putting the matter before you in this frank way, because we want to be genuinely helpful. We also want to emphasize—just as clearly as we possibly can—that Paige builds only good cars—quality cars.

But—above all—make it a point to see the Paige line before you buy any car. As a business man, you can't afford to overlook the three greatest dollar-for-dollar values in the entire automobile field. This is a broad, sweeping statement, but you can establish the facts to your entire satisfaction.

Will you make it a special point to see "The Most Beautiful Car in America?"

Stratford "Six-51" seven-passenger	\$1495 f. o. b. Detroit
Fairfield "Six-46" seven-passenger	\$1375 f. o. b. Detroit
Linwood "Six-39" five-passenger	\$1175 f. o. b. Detroit
Brooklands "Six-51" four-passenger	\$1695 f. o. b. Detroit
Dartmoor "Six-39" 2 or 3-passenger	\$1175 f. o. b. Detroit
Limousine "Six-51" seven-passenger	\$2750 f. o. b. Detroit
Sedan "Six-51" seven-passenger	\$2300 f. o. b. Detroit
Town Car "Six-51" seven-passenger	\$2750 f. o. b. Detroit

Hudson Super-Six

As Every Visitor Knows, is the

Center of the Show

With the Patented Motor, Which, in One Year,
Won All the Chief Laurels of Motordom

At last year's Show, as you remember,
two new motor types appeared as succes-
sors to the light-weight Six.

One was the V-type motors—one the
Hudson Super-Six.

Both were created to overcome the
limitations of the Six. That is, to minimize
vibration, the cause of motor wear and
friction, of wasted power and short endur-
ance.

The trend before then was to Eights
and Twelves.

The Super-Six is different from any other Six. This motor invented and patented by Hudson adds 80 per cent to
motor efficiency. That is, to power and endurance.

That is why it won every worth-while record. Why it won at Pike's Peak the world's record in hill-climbing.
Why it broke the 24-hour record by 52 per cent. And why it twice broke, in one continuous round-trip, the transcon-
tinental record.

Its double endurance won its supremacy—its freedom from friction and wear. And the feature which did that is
found only in the Hudson Super-Six.

See our new gasoline saver. See our new luxury bodies.

Pride of ownership, when you buy a fine car, will bring you to the Hudson Super-Six. For what is the charm of a
great car if another car is greater?

With the Hudson Super-Six you are the recognized master of every motoring situation.

It is the greatest car on exhibit. And, because of its vast superiority, it is the only permanent type we know.

There are eight beautiful open and closed body types.

CONGOLEUM ART-RUGS

The beautiful coloring and dainty designs found in Congo-
leum Art-Rugs will be a
revelation to you. And when
you see for yourself that they
are washable, waterproof
and sanitary, you will under-
stand why they have made
such a sensation throughout
the country.

They have two features that
make friends for them on
sight. They lie flat on the
floor without fastening and
cannot be "kicked up" at the
edges.

Where can you buy a beauti-
ful, waterproof, washable,
durable rug like Congo-
leum for the small price we ask?
Come in today.

In addition to their beauty,

ship, midway between Grapite Sta-
tion and Hunterstown and 3/4 mile
from Lincoln Highway, the following
Personal Property:

3 HEAD OF HORSES

Roan Horse rising seven years old,
is a good worker any place but single
line lead; he is a gaited horse, good
safe driver and is bred for speed.

This is "Patty S," the horse I raced
at the matinees last season and he
can show you a 2:15 pace without any
training. Will give his breeding on
day of sale. Brown Gaited Mare ris-
ing 4 years old, good kind disposition,
family broken, works good in heavy
harness; is known as "Wealthy D." sire
"Asa Danforth" 2:09 1/4; dam
"Wealthy R." mark 2:14. This mare
shows lots of speed. Bay mare ris-
ing 7 years old, good size and will
work any place but single line lead.
This mare is well bred and has good
style and speed. These horses are
fearless of all road objects and any
one can drive them.

It's toasted

THE slice of toast that is made on your modern gas range is
pretty good. But do you remember when they made it over the
coals of the kitchen stove, with a long toasting fork? Browned just
right, crisp, and buttered hot. Those were the days.

We've gone right back to this fine, simple old idea to make
Lucky Strike, the real Burley cigarette. Yes, sir! The tobacco—
it's toasted.

We made this discovery after five years of experiment. Before
this you couldn't have a ready-made Burley cigarette; flavor wouldn't
hold. And you certainly wanted it; look at the sixty million pounds
of Burley you poured out of those green, red and blue tin boxes
last year. "Blame good tobacco!"

So now go to it; Lucky Strike Cigarettes; delicious, toasted Burley.
It's a new flavor—you'll enjoy the idea of the buttered toast.
